- Started operation in 2007, Bangalore Polycotters - Est. in 2007
- 2 Manufacturing and Warehousing Locations
- HDPE/PP Woven Fabric, Laminated Covers, Sacks, Bags, Tarpaulin, FIBC Jumbo Bags, Sand Bags, Leno Bags, Wide Width Fabric
- In-House Rotogravure Printing Facility

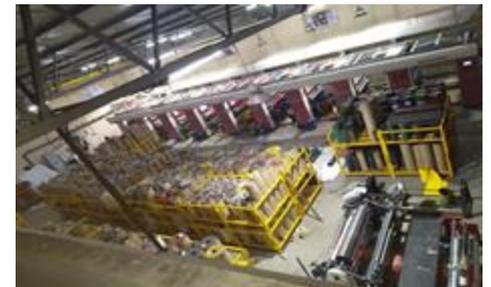

- Warehousing and Manufacturing locations at strategic points.
- Sufficient warehousing space for keeping inventories for real-time delivery to customers and to deliver at ports.
- Fully-secured stocks at warehouses.

# Manufacturing Facilities

- Jp Make Extrusion Coating Line Tandem
- Sunderlam Make Extrusion Coating Line
- 8 color high speed Rotogravure Printing Machine
- Guzzet Machine
- BCS Machines for automatic bag Cutting and stitching
- Semi automatic Cutting Stitching Machine
- Circular Looms and tape line Sets
- Tensile Strength testing Machine
- 125000 Sq ft Covered Warehouse at Jaipur

# Exports and Domestic market

We are regularly exporting to Europe, Middle-East, Africa and throughout India

- Precise quality and strictly in compliance with international standards
- SGS Inspections
- On-Time Delivery
- Competitive Pricing
- Corporate and institutional Supply
- One to one Communication with Customer

# Customized PP woven fabric bag / Block Bottom Bags / bag with liner / string and colours

# Customized PP woven fabric bag / Block Bottom Bags / bag with liner / string and colours

## – Laminated / Unlaminated Fabric/Bags

- Bags with Strings
- Grain Bags
- Wheat Bags
- Leno Bags
- Customized Bags
- Special Applications

## Customized PP woven fabric bag of various sizes / bag with liner / string and colours

- **Capacity:** 60 lac pcs / month (6 million pcs/month)
- **Size Range:** From 30 cm to 135 cm width and length as per customer's requirement

Sr No.	Particulars	Weight Per Bag ( Grm )
1	65x110cm, 88g/pc (62g/m <sup>2</sup> ), 10x10, 675DEN, top-hemmed	88

23	50x80cm, 38g/pc (47.5g/m <sup>2</sup> ), 10x10, 515DEN, top-hemmed	38

# Customized BOPP Bags

- We make bags as per printing designs

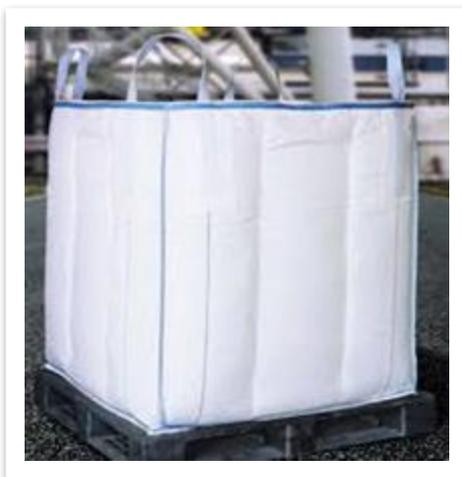

## Small bags for flour, garden bags etc.

- **Capacity:** 2000000 Pcs / month
- **Size range:** 12" Width (30.48cm) to 19" Width (48.26cm)
- **Process Route:** Laminated / Unlaminated Fabric
- Supported by Supervision of Plant Head to ensure Zero Defect supplies to customers.

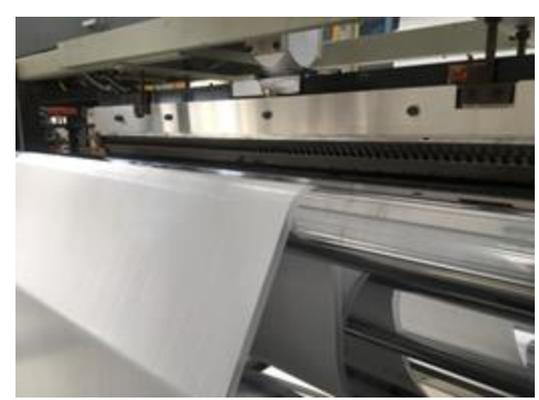

# Medium to Large Size Bags and box covers

- **Capacity:** 2500000 Pcs / month
- **Size range:** 20" (50.8cm) to 84" (213.36cm) Width and length as per requirement
- **Process Route:** Laminated / Unlaminated / Coloured Fabric
- **Coating through Advanced Machinery:** Jp and Sunderlam Make Tandem Extrusion Lines
- Bcs machines for cutting and stitching

- We undertake manufacturing and trading of HDPE/PP Woven Fabric and Bags
  - We handle 2000 Mt per Month Woven fabric and Bags/Sacks
  - We have capacity to make 80 Million Bags/Sacks per Year
  - We make customised bags as per specifications
  - We make wide width fabric bags upto 84" width (214 cm)
  - We make Tarpaulin and Laminated covers 1 Million Pcs Per Year

# Extrusion Coating Facilities

# Latest Extrusion Coating Facility

## JP Make Tandem Plant:

- **Stations:** 2
- **Bopp Pasting:** Both Side
- **Width range:** 12" ( 30 cm ) to 84" ( 215 Cm )
- **Lamination capacity:** 400 Mt / Mth / Plant
- **Speed:** 150 Mtrs /Minute

# Stitching Facilities

# Rotogravure Printing Section BOPP Film Printing

# Inspection Equipment

Tensile Strength Testing Machine

## Global Polypropylene Woven Bags & Sacks Market: Segmentation

Based on the end-user industries, Polypropylene Woven Bags & Sack market can be segmented into:

- Pharmaceuticals
- Fertilizers
- Chemicals
- Sugar
- Polymers
- Agro
- Minerals
- Wrapping and Packing
- Other markets- Super markets, Hyper markets, Convenience Stores

- **We understand the value of providing consistent and reliable customer services. Our operations offer following customer benefits:**
- **Easy approachability by any means: phone, text, mail, etc.**
- **Flawless communication with no time barriers. Thorough understanding of customer demands and industry practices.**
- **The ability to collaborate for an interactive product development experience.**
- **Specialized logistics coordination and follow-up for optimized scheduling and cost efficiency.**
- **Moderate amount of minimum order quantities are maintained, enabling customers the flexibility to upgrade to a preferred woven packaging material with ease.**
- **The strategic location of our works and warehouses assist us to quickly ship the products from the point closer to our customers' locations.**
- **Equally important to maintaining high quality bags and fabric is our ability to manufacture and buy the material in bulk in sync with standard purchasing plan and the requisite norms. This protects our customers from potential economic disruptions in the market.**

## Our Other Strengths

### DCA & CS - MRPL (ONGC- MRPL)

**Our Flagship Company Bangalore Polycotters Pvt Ltd is Del Credere Agent (DCA) and Consignment Stockist (CS) of ONGC- MRPL (Mangalore Refinery and Petrochemicals Ltd) for marketing of Polypropylene (PP) in the state of Rajasthan.**

**BPPL positions and performs as guardian of the Consumer Procurement process and help consumers to identify the best product.**

**BPPL consciously works with the shared vision of all stake holders like consumers, polymer manufacturers, government, industry, environment and society as a whole.**

**Bangalore Polycotters Pvt Ltd has established its feet in the highly competitive market and polymer ecosystem and resulted in radical change and is still growing leaps and bounds.**
